

The plan's goals and objectives are as follows:

By 2025, New Jersey will:

- 1) Reduce the number of new HIV infections by 75%.
 - Objective 1: Ensure full access to, and expansion of, biomedical interventions to prevent and treat HIV (PEP, PrEP, and TasP).
 - Objective 2: Ensure the expansion of substance use-related harm reduction.
 - Objective 3: Ensure access to, and expansion of, support services for key populations.
- 2) Ensure that 100% of persons living with HIV/AIDS know their status.
 - Objective 1: Ensure that all healthcare providers in the public and private sectors conduct routine HIV testing according to the Centers for Disease Control and Prevention guidelines.
 - Objective 2: Ensure targeted testing for all New Jerseyans in key populations.
 - Objective 3: Provide expanded screening for HIV in non-traditional settings.
- 3) Ensure that 90% of persons diagnosed with HIV/AIDS are virally suppressed.
 - Objective 1: Ensure access and linkage to HIV treatment for persons living with HIV/AIDS.
 - Objective 2: Ensure retention in care for persons living with HIV/AIDS.
 - Objective 3: Enhance and streamline support services for persons living with HIV/AIDS.
